

Dr. Dog

Compressed-air aerosol therapy system

- Fast and easy to use (just **2 PIECES**) high-efficiency EASY 2 nebulizer
- It nebulizes any drug for aerosol therapy
- Powerful compressor, silent and long lasting (continuous duty)
- Kid-friendly design to improve the therapeutic approach for kids
- 5 year warranty

Dr. Dog, is a compressed-air aerosol therapy nebulizer system for pediatric use. Its fun doggy design has been devised to offer a better treatment approach for children. Although it looks playful, this is not a toy, but a top-performance nebulizer, fitted with a powerful, silent compressor with built-in air filter and quick COLPHARMA EASY 2 nebulizer attachment. The COLPHARMA EASY 2 nebulizer attachment is a guarantee of excellent efficiency, increasing the amount of medicine nebulized together with delivery speed. It consists of just 2 PIECES for easier assembly, cleaning so you do not to lose small parts.

Available in orange, light blue, and brown.

Pediatric design to improve the approach to children's treatment

Effective treatment for the lower and middle airways

High spraying speed

Nebulizes any medicine for aerosol therapy

Low noise

Powerful and long-lasting compressor (continuous duty)

Parts description

Dr. Dog compressor, COLPHARMA EASY 2 Nebulizer, Mouthpiece, Soft nose piece, Adult mask, Pediatric mask, Air tube outlet, 5 Air filters, user manual .

TECHNICAL SPECIFICATIONS

Nebulizer:	COLPHARMA EASY 2
Max filling volume:	8 ml
Min filling volume:	2 ml
Residual volume:	0,5 ml
Neb rate 1 min (NaCl 0,9%):	0,45 ml/min
Particle size:	3,57 µm - 67% < 5 µm
Air tube length:	1,5 m
Maximum pressure:	2,5 bar
Compressor air flow:	14 L/min
Operating air flow:	5,5 L/min
Acoustic noise level (Compressor without tube):	55 dBA
Operating cycle:	Continuous operation
Operating conditions:	10-40 °C / 50-104 °F; 30-85% maximum relative humidity; 700-1060 hPa atmospheric pressure
Storage and shipping conditions:	-20 - +60 °C / -4 - +140 °F; 10-95% maximum relative humidity; 700-1060 hPa atmospheric pressure
Product Weight:	1.450 g
Dimensions:	196 x 172 x 225 mm
Power supply:	Power plug
Expected service life:	2,000 hours
IP Class:	IP21
Reference to standard:	EN13544-1; EN60601-1; EN60601-2; EN60601-1-6; IEC60601-1-1-11
